

Experience Best Friends Animal Sanctuary

Best Friends Animal Sanctuary is the largest no-kill sanctuary for companion animals in the country. Located on 3,700 acres in the red-rock canyons of southern Utah and surrounded by several spectacular national parks, the Sanctuary is a home-between-homes for around 1,600 animals on any given day. Here, you'll find dogs, cats, bunnies, birds, pigs, horses and more. While at the Sanctuary, animals receive all the love and specialized care they need to thrive, and a chance to find loving homes of their own.
